CERTIFICATE

Shelf Life of Lubrication Engineers®, Inc Products

1. Under adequate indoor storage conditions, the safe shelf life of LE products from the date of production is typically:

LE Oils: 8 to 10 Years

LE Greases: 6 to 8 Years

LE Aerosols: 2 to 3 Years (store aerosol cans upside down)

2. Lubrication Engineers International confirms and guarantees that all “authorised” LE Distributors stock and sell genuine, original LE products manufactured at Lubrication Engineers Inc’s manufacturing plant in Wichita, Kansas 67216, USA.
